

# SOCK SABOTAGE

---

## What you need:

- Pairs of socks (lots)
- Something you can throw into e.g. basket, empty bin, net

## Instructions:

- 1.) There's been an explosion at the sock factory and you have found socks all over your living room floor. It's your job to help tidy them up as quickly as you can.
- 2.) You must only tidy up one pair of socks at a time
- 3.) Go back and forth to the target once you have picked up a pair of socks and place them into the target.
- 4.) BE QUICK (you could time yourself and other people in your house to see who can tidy up a certain number of socks the fastest).
