

Demonstrating Leadership:

TOXIC WASTE ACTIVITY

Task

There has been a **toxic waste** spillage it's your job to make the spillage safe and you only have a short time limit to stop the leak.

You will need to place the tennis ball (Toxic) onto the plate (solid concrete base) and cover the ball using the cup (protective shell).

One of you will be blindfolded. (Bibs) Equipment-String, Scissors, 4 Elastic bands. You can only use the equipment to move the toxic ball.

The toxic is extremely dangerous, and you cannot touch them or come in with 1 metre of them.

Time limit

You will have 30 minutes to complete the task and stop the toxic waste from leaking.
