

Junior Activity:

PAPER PLATE PETS

You will need:

- A paper plate
- Paint or pens
- Paintbrushes
- Coloured paper
- Glue
- Scissors
- Optional decorative items to decorate your pet (e.g. googly eyes, wool)

Instructions:

1. Think about what your pet looks like, what colour are they?
Your paper plate is going to be the head (unless it's a fish!)
2. Paint your plate in your chosen colour.
3. Once the plate is dry you can add smaller details. Use things like coloured paper to cut out eyes or a nose and stick on with glue.
4. Use paint or marker pens to add smaller details such as stripes or spots. You can draw on eyes or add googly eyes.
5. Leave to dry before displaying your pet for everyone to see!
