

Foundation

Newsletter - Volume 2

Hello!

It's Tom here, Manager for the Foundation School Sports team, bringing you the latest instalment of the newsletter. Each week we will provide you with lots of updates and exciting things to do for yourselves, family, teachers and pupils in schools.

Despite this new way of working, the values of the Foundation haven't changed. We are here to support our community and are adapting our delivery methods for all of our projects in order to support all of our beneficiaries. We hope that you find this worthwhile, and if there is any more information you would like on any of the below, please get in touch with us at foundation@wolves.co.uk and one of our team will be there to support. Alternatively, have a look at our social media channels.

Wolves at Home

Wolves Foundation and Wolves last week launched our Wolves at Home project, with a team of staff and former Wolves players including Steve Bull. We have been calling season ticket holders over 65 to share our favourite Wolves memories and prevent loneliness whilst safe at home. We have brought this into our delivery by working with schools to write letters to our Wolves Elders and Molineux Memories participants. We are so grateful that over 200 children have sent us letters to pass to vulnerable people in our community. We have been taken aback by the feedback received and would love some more letters! Click [here](#) or for a copy of the template, please email us at foundation@wolves.co.uk.

Thank you to the NHS

We'd like to thank our amazing NHS nurses, doctors, carers, cleaners, scientists, volunteers and anyone else who is working hard for the nation. From all at Wolves Foundation, we are hugely grateful for your service at this time. Don't forget to #ClapForTheNHS every Thursday at 20:00.

Activities to do at home or in school

Super Movers

This is a programme ran by the BBC in partnership with the Premier League. SuperMovers is designed to inspire kids to stay active by watching curriculum linked or just for fun videos online and copying them. There are nearly a hundred different videos bespoke for each Key Stage that can be watched on a phone, tablet, PC or smart TV.

Click [here](#) to have a look!

Wolves PE, Maths, English & PSHE

Over the coming weeks we will be publishing lots of different educational activities for kids to do on our social media channels and our website. The first is a maths activity based around the Wolves squad numbers!

Click [here](#) to get started!

Live Lessons in school

Our school's delivery team have adapted their way of working and have begun delivering live lessons into schools (think Joe Wicks, but Wolves and better!).

If you work in a school and would like one of these for the pupils you still have in school, get in touch with our Schools Manager, Tom at tomwarren@wolves.co.uk

Premier League Primary Stars Website

The fantastic website for Premier League Primary Stars has made lots of their resources easy to access for pupils at home. Its packed full of fun, interesting and education things to do for kids in primary schools.

That's all for now...

We hope the above is useful for you and to see you getting involved! We will be back next week with lots more. Keep safe and well.
