### Good afternoon,

Welcome to the SEAH Stadium for today's league fixture versus Rugby Borough.

After recent photographs of the stadium on social media and having been here myself, massive credit must go to all the staff for a remarkable transformation from last Friday's flooding. Brilliant work from everyone involved.

After a tough three game week, today doesn't get any easier as we play one of the toughest opponents in the league and arguably one of the title favourites.

We saw first-hand last season in the Challenge Cup Final just how much quality they possess, and we must be at the top of our game to take anything away from today's game.

After achieving our targets last weekend it's also great to see Amber and Destiney back in the squad following little injury scares against Fylde. With Josie now approaching full fitness and Summer Holmes not far behind, we are hoping to have a full squad battling for places come November.

Also fantastic to see Maddie Elbro start her loan move with a superb Player of the Match performance at Sutton Coldfield. Let's hope she continues her great start and gains valuable minutes during her time away.

Enjoy the game today.

We need you more than ever so be loud and proud.

# RACHEAL QUIGLEY

**Wolves Women have added firepower to their squad with the signing of Australian forward Racheal Quigley, who made her debut as a substitute in Wolves' 5-2 win over Sporting Khalsa.**

The Old Gold received international clearance for the striker, who impressed for Dan McNamara's side during pre-season.

Quigley is vastly experienced in the game having represented a number of teams in her homeland over the last 16 years, including the likes of Adelaide United, Melbourne Victory, Melbourne City and West Adelaide, while also spending time in America and South Korea with Kansas City Shock and Hwacheon KSPO.

Born in Adelaide, Quigley made quite the impression in her early years, earning accolades such as the W-League Most Valuable Player in 2009/10, W-League Goal of the Year in 2011/12

and then becoming the inaugural player for Kansas City in 2013.

The next stage of the journey brings her to Wolverhampton and manager McNamara is delighted to have the striker on board, and said:

**"I'm really excited to see Racheal on the pitch. We've waited a long time and it's fantastic that her international clearance has come through now.**

**"She really excited us over pre-season and hopefully now we'll get to see her in some league action.**

**"Racheal's an outstanding forward with a great attitude and she brings all the right values that we want from a Wolves Women player.**

**"She's really embedded herself well into the values and culture of the club and she's worked her way up to be one of the favourites in the group."**

# CHARLOTTE CLARKE

**Wolves Women have added to their goalkeeping ranks with the loan signing of Birmingham City's Charlotte Clarke who made her debut in last Sunday's League Plate win over AFC Fylde.**

Liverpool as the Reds were crowned Championship champions and, in the 2022/23 campaign, Clarke flourished while on loan with West Bromwich Albion, winning their Supporters' Player of the Season award.

A move to Birmingham followed in the summer of 2023 and Clarke will now become part of Dan McNamara's squad.

On completing the addition of Clarke, manager McNamara said:

**"I'm delighted to welcome Charlotte into the group. When we got offered the opportunity to bring someone as experienced as her to push and challenge Bec, it was a no brainer.**

**"We've had a few injuries in that area over the last few weeks and we wanted to make sure we had plenty of cover to step in and improve the goalkeeping department, making sure it's as strong as possible.**

**"She'll be looking to play and she hasn't come here to play second or third fiddle so it's exciting to see how the other goalkeepers will respond to it and I'm sure it will be a really healthy and competitive environment moving forward."**

A former England under-21 international, Clarke made her senior debut at the age of just 16 with Derby County before spells with Leicester City, where she was a promotion winner, and Stoke City.

She earned her England call-up with the Potters in 2020 before returning to Derby for two more seasons, which included being dual-registered with Aston Villa.

In 2021, the shot-stopper put pen-to-paper as a full-time professional with

FEAR NOTHING

# AMBER HUGHES

Wolves Women striker Amber Hughes is next up to sit in the programme hot seat this season and answer a few quirky questions.

## WHAT IS THE MOST MEMORABLE PLACE YOU'VE PLAYED FOOTBALL?

Definitely Molineux. Playing at Molineux with Wolves is always massive. I also scored at the stadium against West Brom in the derby, so not only was it great to play at Molineux, but it was also made even better by the fact that I scored here against West Brom.

## WHAT ARE THE STRANGEST SUPERSTITIONS YOU'VE SEEN FROM TEAMMATES?

It has to be Tammi [George] wearing holey and crusty socks – which she calls her 'matchday socks'. It actually makes me shiver every time I see the crustiness of them. She's been wearing them for years, but I think she might now have got some new ones, but before it was a case of 'the crustier, the better', and they were literally all hard and stuck together. I sit next to her in the changing room and it's by far the worst one.

## WHAT IS THE GREATEST COMEBACK YOU'VE BEEN INVOLVED IN?

Definitely the Forest one last season. It was a significant result and a huge moment in our season. Because it was Forest, it's always one of our bigger games and the fact that we were really struggling, but we were able to come back, in the way that we did, with the goals that we scored, it was a massive result and a memorable game to be involved in.

## WHICH OF YOUR WOLVES TEAMMATES HAS THE WORST TASTE IN MUSIC?

I would say Dest's [Toussaint] is a bit out there. She's kind of one on her own. Although there's nothing too mad, it's just the mixture of songs she puts on. She'll come out with one and it's a certain type of genre and you'll think it's ok, and then the next one she'll put on is completely different.

## WHAT IS THE STRANGEST MOMENT YOU'VE EXPERIENCED IN A GAME?

Nothing really too strange has ever happened in a game I've played in, but I think the first time Hannah Fryer got in a bit of a scuffle, that was an interesting one. We didn't think Hannah would have it in her, because she's not that person off the pitch at all, but we've found out that she does like a bit of a scrap.

## WHO IS THE BIGGEST CHARACTER IN A DRESSING ROOM YOU'VE BEEN IN?

Perksy [Anna Price] was always a big character. All-round, she's a good laugh, but then she's what you need when it comes to the serious side, as someone who drives standards and brings professionalism to the squad. You get everything from Perks. With how long she's been around the game and how respected she is by everyone, she's a big character, and she'll be a huge miss in the changing room this season and a massive loss in terms of character in there.

## WHAT IS THE ODDEST THING YOU'VE HEARD SAID DURING A MATCH?

I mentioned Hannah Fryer already, but I remember in one game she told a little boy at the side of the pitch to "p\*\*\* off", which was very interesting and not something we expected to hear, so that's definitely up there. Then the other week, somebody took one of the opposition out and Morph [Anna Morphet] was trying to say it was natural how the tackle was made, but she actually shouted out, "It's science, ref", and some of us lost the plot because we knew what she meant, but we'd never heard that phrase shouted before.

## WHICH OF YOUR WOLVES TEAMMATES HAS THE WORST DRESS SENSE?

If you asked this question last season, everyone would have said Meesha [Dudley-Jones]. She would wear some very different stuff. But from the squad now, and I'm just judging on pictures, but Abi Loydon, I've seen on her Instagram pictures that she has her very own, unique style.

## WHAT IS THE MOST UNEXPECTED RESULT YOU'VE HAD?

I'd say the results we've had against Stoke the last few seasons. It's not that we always expect to win when we play Stoke, but it is one that we feel we should be taking care of and we haven't been able to do that. Especially in the away game last season, we really were poor.

## WHAT IS THE BEST GOAL YOU'VE EVER SEEN SCORED?

For me, it was my one at Bescot in the County Cup a couple of years ago. I just got it out of my feet and it's gone straight in the top corner. I don't score many like that and I haven't had many shots like that, and when I do, they don't always end up in the goal, and it was just one that as soon as it left my foot, I just knew it was going in.

## Rugby Borough Women's FC

Rugby Borough Women's FC was originally founded in 2013 as Coventry City Ladies, playing in the Southern Division, and going on to capture the title at the end of that season. A switch to the Northern Division the following term saw them finish runners-up to Sheffield FC Ladies.

The summer of 2015 saw the team merge with Coventry United and move home ground to Butts Park Arena. They swiftly swapped back to the Southern Division where they remained until 2018/19 when they captured the title. Despite losing the Championship play-off to Blackburn Rovers they were promoted to the FA Women's Championship.

Life was hard at this higher level but they managed to survive the first two seasons and in the

summer of 2021 they announced plans to turn professional for 2021/22. However debts mounted and the club entered liquidation in December 2021 before being saved at the start of 2022 by investors Angel Group who cleared the debts. By that time a 10 point deduction had been incurred with the team sitting at the bottom of the table.

Staring relegation in the face, they entered the final game of the season away to Watford, the team above them, knowing only a win would see them survive. The game was locked level well into added time when Mollie Green struck from a long range free-kick to dramatically secure the win which saw Borough stay up and relegate Watford.

The summer of 2022 saw the club reorganise and operate a hybrid system of full and part-time players, but they were unable to turn things around sufficiently and were relegated back to the National League

Back in the Southern Division they moved home to Kilsby Lane, Rugby and changed name to Rugby Borough. Last season they finished third in the table and also earned their first cup title under their new name, beating Wolves to capture the Birmingham Challenge Cup.

At the season's end they were switched back to the Northern Division which is where we meet today.
